ELECTRICAL INFORMATION SHEET

The Ottawa Ski Show

Lansdowne Park
October 23 - 25, 2009

PLEASE READ CAREFULLY TO AVOID MISUNDERSTANDING AND ADDED EXPENSE.

- ELECTRICAL SERVICES ARE NOT PROVIDED WITH YOUR EXHIBIT SPACE .**
Exhibitors requiring electrical services should complete the enclosed Invoice/Order form with reference to the following information. **The minimum order for bulk, island or outdoor space is 1500 watts.**
- Please include: Name and Address, Date of Order, Booth Number and Authorization Signature.

Price List: (inside only)	ADVANCE PRICE	REGULAR PRICE
	Ordered by Oct 16/09	Ordered after Oct 16/09

1 - Quartz Arm Light (200 Watts)	45.00	57.00
1 - Quartz High Bay Light (1000 Watts)	175.00	219.00

Special electrical services not listed above can be arranged. Please provide detailed information (i.e. volts, amps, phases).
A complete silent compressed air service and sign & banner hanging are available.
Availability of these services may vary by location. Quotations on request.

P.S.T. of 8% and G.S.T. of 5% are applicable to all items. If P.S.T. Exempt, please forward a signed copy of the 'Ontario Retail Sales Tax Purchase Exemption Certificate.'

- Light rentals include power for rented lights only.
- Row booth power is installed on the back line of the booth. Island booth power will be placed in the centre or one specific location if requested in advance. A \$31.00 surcharge will apply to each alternate or additional location.
- REGULAR PRICES WILL BE CHARGED ON ALL ACCOUNTS NOT PAID ON OR BEFORE OCTOBER 16, 2009. ORDERS WILL NOT BE INSTALLED UNTIL PAYMENT IS RECEIVED. CASH OR CREDIT CARD ONLY ON SITE.**
- Orders are not considered complete unless Invoice is signed and payment is received. Faxed orders must be received to be valid. If your machine does not record outgoing faxes, please call for confirmation.
- A 50% charge may apply to cancelled orders. **An additional \$80.00 charge will apply to orders placed after the show has opened or to service calls resulting from a problem with exhibitor equipment or circuit overloading.**

Please note that only electrical equipment with certification labels acceptable to the Electrical Safety Authority for use in Ontario can be energized. ESA recognized labels can be found on the website: www.esainspections.net & follow the appropriate links.

* A 600 watt receptacle is part of a circuit shared with others. A 1500 watt receptacle has a dedicated circuit breaker. Please be careful in calculating your circuit requirements to avoid unnecessary additional costs. No circuit comes with surge or GFI protection. Should you require protection, please make the appropriate arrangements prior to move-in.

We recommend that exhibitors with (sensitive) electronic equipment order a minimum of one 1500 watt separate circuit to minimize problems caused by overloaded shared circuits or harmonics. Any electronic equipment not rated with a T.H.D. (total harmonic distortion) of 5% or less may be disconnected if it causes a problem.

For further information, call (613) 739-0700. Please leave a message if the machine answers.
Our fax number is (613) 739-8050.
